Softbet brings you a Camel that could lead you to riches worth up to 1,324x your bet through the Cash Camel online slot! Play at King Casino *Any values mentioned are subject to change.

Cash Camel Game Overview

The Cash Camel slot game has 5-reels, 3-rows and 20 win lines.

The bet amounts available in the Cash Camel slot game range from £0.02 up to £20.

Land 3 or more matching symbols across a valid win line, starting from the leftmost reel, to create winning combinations.

You can play the Cash Camel

slot online at King Casino, the best online casino with real money games.

How to Play

the Cash Camel Slot

Here is a simple step-by-step guide on how you can get started playing the Cash Camel slot:

Click on the game to launch and load it. Before spinning

the reels, you will need to set your preferred bet amount. You can do this by using the bet controls located at the bottom of the screen. The minimum bet is £0.02, and the maximum bet is £20 per spin. Then, once you have set your bet, you can click on the Spin button at the bottom of the screen to start playing!

To form winning combinations,

you must land 3 or more matching symbols on 1 or more of the paylines.

To access the

game's paytable, click on the Information button below the reels. The paytable shows you the different symbol combinations and their corresponding payouts.

For example, if

you land a combination of 5 snake symbols on a payline, you will receive a payout worth up to 25x your stake!

The symbols that can appear in this online slot include

scorpions, dogs, snakes and reptiles, as well as the low-paying card royals A, K, Q, J, and 10.

In addition to these symbols, the Cash Camel game offers special symbols that can potentially trigger bonus features, or help you create possible winning combinations.

These include the Camel Scatter symbol, which can trigger the Bonus Spins feature if 3 or more land in a single spin. There's also the cactus Wild symbol that can substitute for all symbols, bar the Camel Scatter.

Wild Symbol

In this game, the

Wild symbol is the cactus, Wally. It can also appear stacked on the middle reel during the bonus game.

Additionally, in the base game, the Wild symbol can trigger the Wild Wally Cactus Bonus feature if it lands on the middle reel.

Wild Wally Cactus Bonus Feature

If you trigger the Wild Wally Cactus Bonus feature, you will have a selection of barrels you need to pick from to reveal how many Free Spins you receive.

The number

of Free Spins you can receive from these barrels ranges from 5 up to 10.

Then, once

your spins start, the wild symbol landing on the middle reels remains sticky.

Additionally, if you form winning combinations, the symbols remain on the reels for another respin.

Cash Camel Free Spins

You can trigger the Cash Camel Free Spins feature by landing 3 or more scatter symbols on the reels.

When this feature is active, you

will be awarded a number of Free Spins. The number of Free Spins you receive will depend on how many Scatter symbols triggered the feature.

3 Scatters – 10 Free Spins

4

Scatters – 20 Free Spins

5 Scatters – 30 Free Spins

As you play through the Free Spins,

you may land additional Scatters, giving you extra Free Spins. For example, 1, 2, 3, 4, and 5 Scatter symbols will award 1, 2, 10, 20, or up to 30 additional spins, respectively.

If the Wild symbol lands stacked on the middle reel, it can increase the multiplier by 1. This can potentially reach up to a maximum of 10x.

Return To

Player

Return to Player (RTP): 96.75%

RTP is used to explain the potential money that

an online slot or casino game can pay back to players. It appears as a percentage and is generally calculated from gameplay over a long duration of time.

For example, if a

slot has a RTP of 97% this means that it could pay back £97 for every £100 wagered.

However, there is no guarantee that players will receive this amount, as slot payouts are entirely random.
