Banco Central do Brasil reduz taxa básica de juros Selic 1xbet 2024 download 0,25 ponto percentual

Rio de Janeiro, 8 mai (Xinhua) -- O Comitê de Política Monetária (Copom) do Banco Central do Brasil decidiu, nesta quarta-feira, reduzir a taxa básica de juros Selic 1xbet 2024 download 0,25 ponto percentual, de 10,75% para 10,50% ao ano, reduzindo o ritmo da flexibilização monetária. Desde que iniciou o ciclo de cortes 1xbet 2024 download agosto de 2024, o Banco Central vinha reduzindo a taxa 1xbet 2024 download meio ponto percentual 1xbet 2024 download todas as reuniões. A decisão desta quarta-feira representa o sétimo corte consecutivo da Selic e, apesar de ser menor que os últimos, levou a taxa de juros a seu nível mais baixo desde fevereiro de 2024, quando estava 1xbet 2024 download 9,25% ao ano.

Divisão entre membros do Comitê

A decisão não foi unânime: cinco membros votaram por uma redução de 0,25 ponto percentual, enquanto quatro defenderam uma redução de 0,50 ponto percentual.

Mudança no ritmo da redução

No início do ciclo de cortes, a Selic estava 1xbet 2024 download 13,75% ao ano. Desde então, o comitê vinha reduzindo a Selic no mesmo ritmo: 0,5 ponto percentual a cada encontro, mas com a decisão desta quarta, de cortar a Selic para 10,50%, o BC alterou esse ritmo, embora tivesse indicado 1xbet 2024 download março que faria uma nova redução de 0,50 ponto percentual 1xbet 2024 download maio, desde que o conselho do BC confirmasse um "cenário previsto".

Expectativas do mercado financeiro

O corte menor não surpreendeu o mercado financeiro. Com a proposta de mudança da meta fiscal e demora para redução dos juros nos EUA, a maior parte dos economistas já tinha passado a apostar que o Copom fizesse esse ajuste, com corte da taxa de juros para 0,25 ponto percentual.

Perspectiva do Copom

No comunicado divulgado após a reunião, o Copom afirmou que é necessário "serenidade e moderação na condução da política monetária". Além disso, afirmou que "ajustes futuros na taxa de juros serão ditados pelo firme compromisso de convergência da inflação à meta".

O Copom citou que a lentidão no processo desinflacionário, expectativas de inflação desancoradas e um cenário global desafiador exigem essa cautela.

Os integrantes avaliam que a "política monetária deve se manter contracionista até que se consolide não apenas o processo de desinflação como também a ancoragem das expectativas 1xbet 2024 download torno de suas metas".

Próxima reunião do Copom

A próxima reunião do Copom está prevista para os dias 18 e 19 de junho.
