The Swedish casino game manufacturer Evolution Gaming has been the undisputed leader when it comes to hosting live dealer casino 2 games in the past decade, and its portfolio includes numerous roulette variants. From the standard roulette tables to innovative games 2 such as Double Ball Roulette, Speed Roulette, and Golden Ball Roulette, one of the options that might appeal to high 2 rollers is VIP Roulette.

The game was released in

2024 and is broadcasted live from a premium studio in Latvia, and 2 it's intended for players that are looking for the finest online roulette experience in all aspects.

Essentially, it's the original 2 variant of the popular casino table game but with an added touch of exclusivity. There are European and French roulette 2 table options, as well as Evolution's Auto Roulette tables.

The environment is very classy and it's

evident at first glance that 2 the game is designed to cater to high rollers. Although the betting range starts at 5.00 units (the currency depends 2 on the casino site chosen), it goes up to 20,000 per bet, which means that the target audience is big 2 spenders.

The hosts are very experienced and highly skilled, adding to the whole VIP experience. The interface, as with all Evolution 2 roulettes, leaves nothing to be desired and includes all the features that one would expect from a such game, with 2 the addition of some premium touches.

Features

VIP Roulette is yet another Evolution Gaming

live dealer roulette game that includes all the 2 features offered by the software provider but with a few distinctions from the standard tables. It features a European as 2 well as a French roulette wheel, which means that the wheel will have 37 pockets and a single zero.

The moment 2 you turn on the game, you'll have the option to play the game in classic or 3D mode. For the 2 full VIP experience, we suggest using the 3D mode - which is where you'll take advantage of the superb cameras 2 and HD streams. Keep in mind, however, that if you choose to play in 3D mode, you might not be 2 able to see the winning number on the wheel all the time despite the many camera angles you can choose. 2 To combat this slight issue, Evolution displays the winning number on the betting table

as well, and you'll be notified if you've won or not.

The biggest difference to the standard Evolution Live roulette are the luxurious tables and studio design. The tables are clothed in red, which adds a touch of luxury and reminds of the premium tables at popular Las Vegas casinos, and the roulette wheel is on the left side of the screen. The dealer is sat next to the wheel, while the betting table is located at the bottom of the screen.

The rules, rates, payouts, and RTP of VIP Roulette are the same as any other European roulette, which means that the Return to Player ratio is 97.30%. The main features of this game are the betting limits and the VIP experience players receive. In addition, there are several options that players might find useful, including:

Autoplay option

Racetrack where players can make neighbor and special bets

Option to chat with the croupier

History of previous results

Saved bets (up to 15

bet patterns can be saved)

A table of statistics and hot and cold numbers

Recent

calls

While many Evolution live dealer games have the autoplay option, the Live Chat is exclusive to a few selected games - including VIP Roulette. Other highlights are the 'Spin Now' and 'Deal Now' buttons, which essentially allow players to control the tempo of the game.
