Cleopatra Review

Theme and Story Line

"The barge she sat in, like a burnish'd throne,

Burn'd on the water: the poop was 0 beaten gold; Purple the sails, and so perfumed that The winds were love-sick with them" - From Antony and Cleopatra 0 by William Shakespeare

Cleopatra, the seductress of Julius Caesar, Mark Antony and the Roman

imagination is the ostensible theme of this 0 slot machine. With Egyptian designs and a pseudo near east soundtrack.

While Classical Egypt is a fun theme, to which slot

0 machines go back again and again, the theme is really nominal more than anything else.

There is not much of 0 a story going on as you play.

Small win on a low volatility

Cleopatra slot

Graphics, Sounds and Animations

The graphics are nice. 0 The designs are

bright but not garish and evoke a kind of cartoon idea of Egypt and the opulence of

0 Cleopatra's rule. They are also easy to read, taking some of the strain out of working out how you won 0 during payouts.

There's an electronic soundtrack that draws a little on sitars and drums to add to the atmosphere of the 0 game.

Like most IGT slots the

animation is functional and smooth, but nothing special. It doesn't blow you away, but it is solid enough that it doesn't detract from the game.

### Cleopatra slot

#### Gameplay

Gameplay is where Cleopatra rather disappoints.

It is a pretty standard

five-reel slot with up to twenty winlines. You can select fewer if you want to up your volatility somewhat (the choice is between 1, 5, 9, 15 or 20 lines). Beyond that there is little to change up the play.

#### Video featuring 15 free spins

The bonus round when you

hit it is a little too simple (just free spins and a multiplier).

If all you want from

your slot is money-in, money-out then there are more streamlined games. If you want more fun from your slots, the gameplay lets you down on that score too.

#### Paytable of the

basic winning combinations in Cleopatra slot

#### Cleopatra's top symbols paytable

#### Wilds,

#### Bonuses and Free Spins in Cleopatra slot

There is a Wild symbol (the Cleopatra Logo)

which will help you fill out a winline for any symbol except the scatter.

There is a

nice rule where if you hit a payout with a Wild symbol then the payout doubles.

#### Should

you hit two or more Scatter Symbols they will pay a multiple of your total bet (as opposed to the bet per line). But if you hit three or more Scatter symbols, the real payout will be on the 15 free spins you take down.

During the Bonus rounds there are all

the payouts are tripled (apart from the payout for 5 wilds). Free spins can be

retriggered up to 180 total free spins, but on the whole you can expect to play your 15 and cash out.

#### Bet Sizes, RTP and Variance

Cleopatra is a low to medium volatility slot, so although

it is a popular classic of the genre, we tend to avoid slots that are not high-volatility (for more on why see our strategy section).

The RTP is a little

disappointing as well at 95.02% which is a little below the industry average of about 96%.

The site we tested allowed a range of bets from R\$/£/€0.20 to R\$/£/€200 per spin

depending on how many lines and the cash value set to the coins. Which is a reasonable spread.

#### Conclusion

Cleopatra is a popular slot that is not going anywhere. Many players

will enjoy a few spins for old times' sake, but on the whole she is showing her age.

The design is solid but uninspired and the real letdown is the oversimple gameplay.

When added to the poor RTP and low variance this slot looks like it should be

unattractive, but must be doing something right, because people keep coming back to play Cleopatra.
