The truth is that there is no trick to slot machines. They provide random results based on set mechanics and it all comes down to luck. With that being said, not all games are the same, so picking the right options is key, and you can still change the size of the bet throughout the session for better results.

Top free slot machine games made by Konami Gaming, including Lotus Land, Heart of Romance, Fortune Stacks, China Shores, Wings of the Phoenix and China Mystery. Play them for free, here. Many of us have heard of Konami, even before their venture into slots. The company is well known as one of the biggest video game creators out there! Exactly when the company started making slots is a bit murky. They ventured into it around the same time they started with making arcade cabinets, and eventually focused on it full time. From 2005 onwards, the company moved its HQ to Vegas to better capitalise on the US market.

Konami is a slot developer. The company has made no effort to expand their coverage on table games or other things online casinos might find interesting. They were able to leverage that focus into creating a great variety of games, each one with superb quality. Unfortunately, the software provider never replicated their success with physical machines in the online market. However, they do have a few cool titles we recommend checking out.

Estados Unidos fortalece alianzas estratégicas en el Indo-Pacífico

El Secretario de Defensa de EE.UU., Lloyd Austin, elogió el sábado la llegada de una "nueva convergencia" en el Indo-Pacífico, mientras Estados Unidos refuerza las asociaciones estratégicas y de seguridad en la región ante las crecientes amenazas de China y Rusia.

"Hoy estamos presenciando una nueva convergencia en torno a casi todos los aspectos de la seguridad en el Indo-Pacífico", dijo Austin en el Foro de Seguridad de Shangri-La en Singapur.

"Esta nueva convergencia está produciendo una red más fuerte, más resistente y más capaz de asociaciones. Y eso está definiendo una nueva era de seguridad en el Indo-Pacífico."

Una red de asociaciones y no una sola alianza

La nueva convergencia no es "una sola alianza o coalición", sino "un conjunto de iniciativas y organizaciones superpuestas y complementarias, propulsadas por una visión compartida y un sentido compartido de obligación mutua", dijo Austin.

China, el actor predominante en la visión regional

Enmarcada en esa visión regional está una China más asertiva, a la que Austin aludió sin mencionarlo explícitamente.

Principios compartidos y no imposición de voluntades

La convergencia, dijo, no se trata de "imponer la voluntad de un país" o de "intimidar o coaccionar", sino de principios y creencias comunes que incluyen "la resolución pacífica de disputas a través del diálogo - no la coerción o el conflicto. Y ciertamente no a través de lo que se conoce como castigo".

El comentario pareció ser una referencia velada a los ejercicios militares de China alrededor de Taiwán la semana pasada, que Beijing dijo que eran un "castigo fuerte" por las "actividades separatistas" de la isla autogobernada. El despliegue masivo de fuerza se produjo justo días después de que Taiwán jurara a su nuevo líder democráticamente electo, Lai Ching-te, quien instó a Beijing a cesar sus tácticas de intimidación.

Progreso histórico en los últimos tres años

Austin dijo que la nueva convergencia había permitido a EE.UU. lograr "progresos históricos" en los últimos tres años. "Hemos fortalecido la estabilidad en la Península Coreana. Hemos apoyado el statu quo a través del Estrecho de Taiwán. Y hemos defendido el estado de derecho en el Mar de China Meridional", dijo.

Bajo el presidente Joe Biden, EE.UU. ha reforzado los lazos con aliados y socios como-mente en el Pacífico Asiático para contrarrestar a una China en ascenso, que bajo el líder Xi Jinping se ha vuelto cada vez más asertiva y beligerante sobre sus muchas reclamaciones marítimas y territoriales en la región - desde Taiwán hasta el Mar del Este y el Mar de China Meridional.

Esos refuerzos de los lazos de EE.UU. han indignado a Beijing,
