The game comes with supreme playability and great user interface. It also boasts a variety of optional and side bets which make betting on the game an absolute pleasure. Finally, the superb video quality, sound synchronization, and the experienced dealers make the game a true one of a kind.

Live Blackjack is streamed live from Evolution Gaming's studios around Europe. It is on 24 hours a day, every day. It can easily be accessed via any device and this is another perk that often goes unnoticed. This means the game can be played from an iOS or Android device, as well as from a desktop computer.

After a player has chosen his table, he will take one of the seven available seats. If there isn't a seat available, he can always use the Bet Behind option which is provided. Once the game starts, players are dealt their two cards and the dealer always stands on 17. If a player is on a Blackjack, he is paid 3 to 2.

The Perfect Pairs side bet can be very rewarding to a player and can produce payouts as high as 25:1. The 21+3 side bet is even more lucrative and it ranges from 5:1 to 100:1. This side bet uses your first two cards and the dealer's face-up card. The side bets outcomes aren't connected to the outcome of the main game.
