auto intro:

Hello, my name is Gustavo, and I am a data analyst for a business that is interested in adopting a more data-driven strategy thanks to the Betfair API. Our firm is well aware of the dangers and opportunities that come with depending on this sort of strategy, therefore I'm here today to talk about my personal experience.

Background of the case

Our firm specializes in providing industry-specific information and insight, and it is headquartered in Brazil. We made the decision to look into the Betfair API for the reason of being interested in implementing a more data-driven culture that would enable us to make decisions based on real-time data analysis due to the difficulties in the current market. Our overarching goal was to utilize this technology to increase productivity, and we were certain that the Betfair API would enable us to do this.

Description of the case
