Hot Chilli (Pragmatic Play): Overview

When the time comes to nominate the strangest

games of 2024, Hot Chilli by Pragmatic Play will undoubtedly be a strong contender.

Played using a 3 by 3 grid layout in combination with 9 paylines, the game has a rather odd Asian cooking theme. It's not totally unique, however, as we see a strong visual resemblance to Sizzling Spins from Play'n GO, but the gameplay itself does stand out from the traditional way of designing slots.

Medium variance, this rather simple

creation is all about the wild chilli pepper symbol which can carry multipliers of up to 5x. Stacked up on a payline, these can combine to reward decent payouts. Playable from only 9 cents, Hot Chilli is a suitable alternative for low rollers. For those looking to up the ante, the game accepts bets of up to 45€ per spin.

Due to its

somewhat quirky not-for-the-hardcore gambler appearance, Hot Chilli is a serving that won't be to everyone's liking. Whatever one's opinion of the theme may be, the game does earn a few points for its excellent graphics and animations. The food items cooking in the luxurious golden dragon pot look surprisingly realistic and the chopsticks appearing to pluck out your winning combinations is a fun addition.

Occupying the left area of the screen you also have the payable permanently available to you. On it you will see 1x, 2x and 3x tofu dice, various tomatoes, rolls of ham and salmon. The latter is the most rewarding of the standard symbols, giving you 11,11 times your stake for 3 on a payline.

Hot Chilli (Pragmatic Play): Features

The wild

symbol is of central importance in this game and to land any meaningful wins, you're going to need its help. Represented by flaming red chilli, the wild substitutes for all symbols except the tofu. It also comes with 2x, 3x, 4x and 5x multipliers. As you can see in the payable, you cannot land three of a kind 5x chilli wilds as the 3x, 4x and 5x wilds only appear in the middle reel.

The top reward will come from the 2x-5x-2x

wild combo which will give you 555.55 times your stake for the line hit and up to 888.88 times your stake in combination with other symbols. While it's not exactly the

most impressive potential we've seen in a slot, it's not all that bad for a 3 reel slot either.

Hot Chilli (Pragmatic Play): Verdict

The slightly odd appearance of the slot is

intriguing at first, but once the novelty runs out, it struggles to retain the interest of the player. The reason for this mostly comes down to the lack of features, the scratch-card type gameplay, relatively low payouts and the limitations of the layout.

The intensity is there if you want it to be, but anyone looking for a slot with over-the-top features or nail-biting potential should probably avoid Hot Chilli altogether. Things are not made any better by the fact that the game has a tendency to eat your whole balance faster than it takes to cook a bowl of instant noodles.

It's disappointing that Hot Chilli doesn't hold up over time, as it does make a decent first impression, but once you settle into the repetitious nature of it, you'll find yourself wondering when Hot Chilli is going to graduate to something more interesting.

Don't

Miss

Not hot enough? Then we suggest trying Pragmatic Play's Chilli Heat Megaways instead which makes use of Big Time Gaming's celebrated Megaways mechanic.

James Baldwin: El gran escritor afroamericano y su relación con el cine

James Baldwin, el notable escritor afroamericano, no era fanático de la película "El exorcista". Según Baldwin, la película era un "error garish" que no abordaba adecuadamente el tema del diablo en la vida real. Sin embargo, Baldwin no era un crítico oportunista, sino un cinéfilo apasionado que descubrió el cine mucho antes de los libros. Su amor por el cine comenzó

cuando era niño en Harlem, donde una maestra lo llevó al cine. Desde entonces, Baldwin fue a ver películas tan diversas como "El halcón maltés" y "A menudo siento...", una película de 1959 que trata sobre una violación y un linchamiento.

Baldwin y las películas sobre raza y America

En su libro "El diablo encuentra trabajo", Baldwin menciona alrededor de 60 películas que están entrelazadas con historias de su vida y sus pensamientos sobre la raza y América. Ofrece una mirada única sobre la teoría de la "personalidad de escape" de Margaret Farrand Thorp, quien afirmó que el público de la edad de oro veía su reflejo en las estrellas de cine. "Nadie convierte su personalidad de escape en negra", escribió Baldwin.

La relación de Baldwin con Hollywood

A pesar de su relación mixta con la industria cinematográfica, Baldwin "anhelaba" la fama y la exposición que solo Hollywood podía ofrecer. Incluso propuso una idea de película a Ingmar Bergman durante una entrevista en 1960 sobre una película que trataría sobre esclavos, la esclavitud y la historia negra en Estados Unidos. Sin embargo, como muchos de los proyectos de Baldwin, la película nunca se hizo.

El legado de Baldwin en el cine

Aunque solo una de las novelas de Baldwin fue adaptada para la pantalla grande en su LPM, el cineasta francés Robert Guédiguian adaptó "Donde está el corazón" en 1998. El escritor y director Barry Jenkins, quien adaptó "Si Beale Street podría hablar", dijo que Baldwin era un "extraordinario crítico de cine" y que entendía plenamente la forma cinematográfica.
